NOTE.—More precise information having been obtained as to the receipts of Local Authorities for the year 1882-3, it was discovered that in previous years large sums received in respect of the sale of gas and water by Urban Sanitary Authorities had been returned as receipts from Rates. The figures for previous years have been corrected so far as it is possible, and now show, as nearly as the accounts will allow, the receipts from Rates.

† In 1872-3, the expression "Urban Sanitary Authorities" is substituted for "Local Boards" and "Improvement Commissioners."

Note.—This Return includes Channel Islands vessels, and Foreign-going vessels belonging to the Isle of Man for which crews were engaged at Ports in the United Kingdom.

The total number of persons employed includes foreigners, but not masters, nor Lascars and Asiatics serving under Asiatic Articles of Agreement, except for 1886, in which year Lascars and Asiatics are included.

The number of persons employed in the year is the sum of the number of persons forming the first crew of each vessel employed during the year.

The Home Trade includes vessels trading or going within the following limits, viz.: the United Kingdom, the Isle of Man, the Channel Islands, and the Continent of Europe between the River Elbe and Brest.

The Foreign Trade includes vessels trading or going beyond the above limits.

Some vessels known to be trading abroad are omitted from the Return, because no late information of the number of their crews could be obtained.

* Including Lascars and Asiatics under Asiatic Articles of Agreement, the number of which, in 1886, was in sailing vessels 135, and in steam vessels 16,438

† In these two years the capital was abnormal in amount, the operation of the Land Act of 1861 and the fixing of Judicial Rents having led to delay in recovering duty due for former periods.

NOTE.—More precise information having been obtained as to the receipts of Local Authorities for the year 1882-3, it was discovered that in previous years large sums received in respect of the sale of gas and water by Urban Sanitary Authorities had been returned as receipts from Rates. The figures for previous years have been corrected so far as it is possible, and now show, as nearly as the accounts will allow, the receipts from Rates.

* In 1872-3, the expression "Urban Sanitary Authorities" is substituted for "Local Boards" and "Improvement Commissioners."

* First valuation list in the Metropolis under the Act of 32 & 33 Vict. c. 67, came into force on 5th April 1871.

† "Gross amount of property and profit assessed" from 5th April 1873, includes exemptions under Schedules A. and B. formerly omitted in Ireland.

‡ Second valuation list in the Metropolis under the Act 32 & 33 Vict. c. 67, came into force on 5th April 1876, and formed the basis of assessment concurrently with new assessments under A. and B. for rest of the Kingdom.

§ Third valuation list in Metropolis came into force on 5th April 1881, and formed basis of assessments under Schedules A. and B., the new valuation for the rest of the Kingdom, which takes place every third year, having preceded it on the 1st April 1879.

|| The apparent increase in this amount as compared with that of the previous year arises from the duty being charged at 5ths of the rate in force, in lieu of the Parliamentary deduction of 4th being made from the gross rental of tithe free lands in England before being charged to duty. Allowing for this, there is an actual decrease of about 1,620,000l. in the net value of lands in England for 1882-83.

¶ Not yet completely ascertained.

 † In these two years the capital was abnormal in amount, the operation of the Land Act of 1881 and the fixing of Judicial Kents having led to delay in recovering duty due for former periods.

NOTE.—More precise information having been obtained as to the Receipts of Local Authorities for the year 1882-3, it was discovered that in previous years large sums received in respect of the sale of gas and water by Urban Sanitary Authorities had been returned as receipts from Rates. The figures for previous years have been corrected so far as it is possible, and now show, as nearly as the accounts will allow, the receipts from Rates.
* Partly estimated.
